

Covid-19 Safety Plan Summer 2021

In an effort to protect the health of everyone in the studio, we will follow the protocols outlined below for in-person lessons. You or I may request at any time to return to online lessons.

VACCINATION REQUIREMENT

My household is fully vaccinated. In-person lessons are **open to all students who are fully vaccinated**. Students **under 13 years old** who are not yet vaccinated **are also welcome** to attend in-person lessons as long as all eligible members of their household are fully vaccinated (two weeks past Johnson & Johnson or two weeks past the second vaccination for Moderna or Pfizer).

MASKS

Masks are **required for everyone in the studio** (me, student, parent/guardian). Please put on your mask before coming inside.

ILLNESS

If you or any members of your household are **at all sick** or have had **recent exposure** to someone who is ill, **do not come to the studio**. If you feel well enough for a lesson, we will do an online lesson instead. The same holds for me and my household.

VENTILATION

To permit greater air circulation, we will leave the studio door open. I'll have windows open in the studio and an air purifier running.

HAND WASHING

Please either wash your hands or use hand sanitizer before your lesson. Hand sanitizer will be available on a table inside the waiting room.
